Brands
Case IH, Steyr, New Holland Agriculture

CASE IH stands identified by its extensive agriculture and other. Case IH holds a tradition of leadership in agricultural equipment which stretches back to 1912. A global provider of powerful, reliable and high performance equipment, for crop handling from corn to sugarcane, the brand offers a full range of equipment including harvesters, combine harvesters and implements. Case IH and its employees are dedicated to manufacturing services to overcome the challenges of modern farming.

STEYR manufactures its tractors with identity Steyr 204. They're an undisputed leader in the local (national) agricultural machinery market. For over 100 years, the Steyr and Steyr-Brand have been synonymous with high quality and reliability, and have not only set benchmarks in the motor industry but have gone on to experience growth in important European markets such as Germany, Italy, France and the Benelux. Steyr's efficient tractors make it a leading manufacturer in the 10+ tractors plant, which has received significant investment.

Since 1998, New Holland Agriculture has been committed to providing solutions that improve the way you work. The company's commitment to innovation, reliability, and high performance has led to a long and successful history. New Holland's commitment to innovation, reliability, and high performance has led to a long and successful history.
